💼 Professional Experience

Receptionist, *Gala S.A*

08/2022 – present | Resistencia, Argentina

I'm currently im working as receptionist in a 5 stars hotel. Im responsible for welcoming guests, checking them in and out, answering inquiries, managing reservations.
As part of a larger team, the i work with other hotel staff. Communication and collaboration among the team members are essential to provide exceptional customer service.

📁 Projects

ProjectHotel, *Hotel management software* ↗

01/2023 – 03/2023

This hotel software management system was built using Python, Django, Bootstrap, HTML, and CSS.
The project was developed in collaboration with a senior developer. The software allows the hotel to have complete control over reservations, check-ins, check-outs, and no-shows, as well as the status and availability of rooms.
(The deploy takes a bit to load).

NGO Blog ↗

11/2022 – 12/2022

Final project for "El Informatorio", a 240-hour course on web development with Python, Django, and MySQL.
I collaborated with other students on this project, and we built a blog using Django and MySQL. The blog is for a real NGO, and it allows them to upload news about their organization to keep their followers up to date.
